* e. (C) At the request of the DDC, security files on 19 current Chiefs of Station in the Middle East were reviewed for evidence of prior exposure as CIA employees. This was in response to concern about reported contacts of Philip Agee with the Popular Front for the Liberation of Palestine (PFLP) and the possibility that he may have furnished names of CIA personnel to the PFLP. Of the 19 files reviewed, 11 indicated public exposure in one form or another as CIA employees.
